This four-year plan will give you the opportunity for a better understanding of biblical history and teachings and of the prophecies, for the book pages are so arranged as to correspond with the chapters of the Bible that deal with each subject.

While this is laid out as a four-year program, you may read it at a pace that is best for you. Mark off each date as you finish the reading, and if you choose to do four days of the reading plan in one day, the complete program can be finished in just one year. This usually involves an hour of reading each day.
